The Board directed the applicant to submit a cross-section showing step and slope details up to the threshold with dimensions. The detail will show a two (2) riser solution with maximum rise to not to exceed 8-1/4". This will also eliminate the need for a 3’x3’ landing. The plans will be reviewed by the Building Official to verify the proposal meets the Code requirements.

Mr. McKelvey’s application was withdrawn administratively.

Respectfully,
