Re: Proposed subdivision of AP 39-2/Lot 9

Dear Mr. Murphy:

Water supply for your proposed lot is available from the District's main located on South Road.

Because your neighbors to the rear of your existing lot use the existing right of way for their water service, the proposed water service will have to be installed with a minimum lateral separation of ten (10) feet.

Based upon the length of the purposed service, you will need to install a two inch water service.

Sincerely,

Henry Meyer  
Manager  
Kingston Water District
