Project #: 3195-001**

Dear Mr. Parker,

I performed a site walk of the property and visually inspected adjacent properties on November 8<sup>th</sup>, 2023. No freshwater wetlands were observed on or immediately adjacent to the subject property. This determination was supported by digital mapping provided by the RIDEM "Environmental Resources" website that does not show wetlands within or immediately adjacent to the subject property. In addition, no coastal wetlands or coastal jurisdictional areas are present on or immediately adjacent to the property.

Please do not hesitate to contact us if you have any questions concerning the on-site investigation.

Sincerely,  
DiPrete Engineering Associates, Inc.
