Re: Water Availability: 176 Saugatucket Road, South Kingstown RI

Dear Nicole,

This letter is to inform you that water service is available at the above referenced location at 176 Saugatucket Road, South Kingstown, RI.

Water is available from the **Veolia Water Rhode Island (VWRI) system**. This letter does not constitute approval for any anticipated volume of water for the dwelling(s) or fire service requirements. A separate **Willingness to Serve** application must be completed in full and approved by our Engineering Department to ensure the availability of the potential volume of water required for the project. Once approved we will issue a **Willingness to Serve** letter to you with the detailed information. The application is included with this letter. Timeline for review and approval is approximately 10-14 business days once received.

Please contact me at the phone number above if you have any questions.

Respectfully,

A handwritten signature in black ink, appearing to be "P. Grant", written over a light blue horizontal line.

Patrick Grant
