# SOUTH COUNTY MOBILE INTEGRATED HEALTH

*Serving South Kingstown,  
Narragansett & Charlestown*

Connecting patients  
with appropriate  
healthcare services.

The goal of the South County Mobile Integrated Health Program is to guide patients towards general health and well-being, connect patients with appropriate healthcare services, and to facilitate higher level care when patients are unable to take an active role in the management of their own health care needs.

**Our Focus:**

To provide follow-up care for selected individuals with chronic illnesses who have been recently discharged from the hospital. Additionally, our Mobile Integrated Health providers will connect at-risk populations to appropriate resources, including those who frequently use emergency services.

**Our Staff:**

The South County Mobile Integrated Health staff are Paramedics and EMTs that work for the Narragansett Fire Department, Charlestown EMS, and South Kingstown EMS and who volunteered to provide select medical services out in their community.

**Our Program:**

The South County Mobile Integrated Health program is a non-emergency, community-based service with a focus on health promotion, system navigation, and injury prevention.

**What is an MIH Provider and what is Mobile Integrated Health?**

An MIH provider is a trained healthcare professional that provides non-emergency healthcare services in the community where they work. These practitioners receive specialized training in order to perform at home services and assessments. Mobile Integrated Health is the provision of healthcare using patient-centered mobile resources in the out-of-hospital environment.

**Who can benefit from our Mobile Integrated Health Program?**

Anyone needing extra help can utilize our offered services but the program will truly impact high risk clients living at home with medical conditions including Diabetes, COPD, CHF, and other Co-Morbidities that require frequent care and assessment.

**What Services do we Provide?**

1. Scheduled wellness checks
2. Home safety assessments
  - a. Fall risk
  - b. General fire and smoke/co alarm
3. Referrals to health partners
  - a. Primary care

9. COVID testing
10. Assist with telemedicine visit

**Frequently Asked Questions:**

*Does a Mobile Integrated Health Provider replace my primary care provider or visiting nursing service?* No, MIH Providers do not replace Primary Care Providers or Visiting Nursing Service, they simply offer some of the lower level services offered by traditional providers in the comfort of your home.

*Is the Mobile Integrated Health Provider trained to provide the care offered by your service?* Absolutely, our MIH providers receive extra training in all aspects of the job and they are also licensed healthcare providers in the State of Rhode Island.

*Do I need to live in Narragansett, South Kingstown EMS or Charlestown to receive these services?* Yes, at this time we are only able to offer services in these 3 communities.

*Am I only eligible if I need all of the services you offer?* No, you can customize your MIH experience as needed.

*My doctor wants to do a Telemedicine visit but I don't know how. Can you help me set up this visit?* Absolutely, you can schedule a MIH provider to come to your residence and help set up this visit.

*Is there a cost for this service?* No, this service is free of charge.

*Can I call for a ride to my doctor's appointment?* No, we do not have the capability to provide general ride services at this time.

*Can I refer a family member or friend that I feel would benefit from these services?* No, we do not accept direct referrals from family members or friends but we encourage you to call and speak to one of our providers so that we can reach out and ask your family member or friend if they would like to participate.
