DISCOVERY CAMP

Discovery Camp - Counselor In Training (C.I.T.)

Our C.I.T. program is for older campers and teens interested in becoming camp counselors.

Participants will learn behavior management, team-building, communication, and activity leadership by assisting counselors with younger campers. C.I.T.s will help teach activities, plan events, and receive weekly feedback to improve their skills. Successful C.I.T.s may be hired as paid Discovery Camp Counselors in future summers. We accept a small group of applicants, so if interested, contact the Neighborhood Guild Front Desk or email Vinny Ballirano at vballirano@southkingstownri.gov.

Fee: \$30R \$40NR per week

Ages: 14 - 15

AQUATICS

Skimboarding 101

Novice and intermediate skimboarders, here is your chance to learn “lip launching” skills with Pro Skimmer Drew Plourd. Using Foamy Boards, you will have the chance to learn or improve on the fundamentals before learning some new tricks and perfecting the skills you know. The South Kingstown Town Beach in Matunuck offers great shoreline skimming and great conditions for long and fast rides. Campers should bring snack / lunch, 2-3 water bottles, 2 towels and sunscreen. All equipment is provided.

Safety First

Held at Stepping Stone School, Safety First is a fun and exciting safety education program for children entering kindergarten this fall. School bus safety, stranger danger, home, fire and general safety topics are highlighted during this three-day session. Children will meet real first responders, explore safety vehicles and ride a bus on a field trip! This program often helps to reduce anxiety some children feel towards first responders and officers! Please pack a small nut-free snack and drink each day. This program is co-sponsored by the South Kingstown Police Department and the Union Fire District. Instructors: Teachers at Stepping Stone Preschool and SK Parks and Recreation staff.

PRESCHOOL

Preschool Camp “Side Kicks!”

Joyce’s Jungle Side Kicks Camp is a special one day mini camp for you and your little one! Summer camp you both will love! Each day will run almost like one of our summer camps, filled with crafts, games and, weather permitting, exploring walks too! Choose one, two, or maybe all of them! Space is limited, so please register early! Pack a small snack, water and have your mini camper wear sneakers. This is a single-day mini camp for both child/adult pairs. We kindly ask that all children register for this minicamp, and that no “tag a longs” join us. Dress to make a mess! Instructor: Joyce Campbell

Camps will follow the week long camp’s theme. Please see those camp details in this brochure!

NATURE

Summer Fun Half Days at Casey Farm

Oink! Oink! Little Pig!

Campers spend the morning at Casey Farm interacting with our pigs, including giving them a nice hose bath and scratching their favorite spots with our pig brushes! Afterward campers get to listen to pig stories, make pig crafts, and play a variety of fun pig games

Crazy about Chicks

Campers spend the morning learning all about chicks and chickens. Campers hand-feed and hold chicks and chickens, feel chicken feathers, collect and wash eggs, hear chick stories, make chicken crafts and role-play life in the day of a Casey Farm chicken.

Little Farmers

Campers feed the animals, collect and wash eggs, groom the bunnies, and scratch the pigs. Then we head into the fields to harvest a snack before pulling weeds, sowing seeds, and giving our plants some water to drink. Campers will also listen to stories, play a game, make a craft, and harvest a vegetable to take home.

GaGa for Goats

Campers meet our two goats, pet them, and feed them a snack picked from our gardens. Afterwards campers play outdoor games, sing songs, make a craft to take home, and read a story.

Hop Along Rabbit

Hop on down to the farm to spend a morning full of bunny fun. Campers will get to observe and pet our bunnies, collect some snacks for them from our garden, feed them by hand, hear bunny stories, make a bunny craft, and end the day with some hopping bunny games.

Down in the Garden

Campers spend their morning exploring our flower and vegetable gardens while we keep an eye out for garden fairy's! Children will do a color hunt, build fairy houses in our garden, pick fruits and veggies, press flowers and more!

Little Woodland Explorers

We let nature take the lead on this fun outdoor exploration day for your little one. Campers will hike through our woodland path and cranberry bog, explore the woods, look for frogs at our pond and connect with nature. Children will make a nature themed craft, enjoy story time and play nature themed games like tree tag!

Farm Friends

This weeklong experience keeps young campers active and engaged in hands-on, outdoor farm fun. Each day campers interact with farm animals, join in age-appropriate games and crafts, and participate in farm activities. Throughout the week, campers go on a treasure hunt, explore the shoreline at Narragansett Bay, take a hayride, enjoy a lifeguard-supervised swim time at Narrow River, play historic and carnival games and make their own candles and soap! Campers pick their own daily snack fresh from the farm's organic fields and gardens. Other activities include collecting eggs, playing farm games, watering the garden, feeding the animals, and making unique crafts to take home.

NATURE

Growing Together

Campers experience work and play from a farmer's point of view: helping to care for our animal's daily needs, collecting and washing eggs, watering the gardens, and having good old-fashioned fun.

Throughout the week campers enjoy a hayride to Narrow River for supervised swim time at the waterfront, play historic games and make historic crafts, get hands-on experiences with our farm animals, hike to Narragansett Bay and hunt for crabs as well as seaside treasures, and have fun in the sun. Campers also enjoy a historic tour, try the Boot Toss, participate in the vegetable relay, hunt for the hidden animal, and play Mystery Object. The week culminates in a fun-filled day of making ice cream, butter, candles, and soap, and playing classic carnival games in our front field!

Farm Explorers

This weeklong session for our most experienced campers has older children exploring far and wide on Casey Farm's 300 acres. Campers hunt for frogs and tadpoles at the pond, learn about wild animals on hikes through our fields and forests, engage in hands-on wilderness survival techniques, and play action-packed nature games. Campers also hike down to Narragansett Bay to explore the rocky shoreline and get their hands dirty catching crabs, observing sea life and looking for sea creatures during our scavenger hunt. One day a week groups take a hayride down to Narrow River where they enjoy an extended supervised swim. Campers also help feed and care for a different farm animal every day of the week. Campers face team challenges that foster long-lasting friendships and leadership skills. Shelter and fire building, dissecting owl pellets, and making a variety of crafts are just some of the exciting activities the energetic farm explorers will experience.

Movie Magic

Lights, camera, action! This one-of-a-kind filmmaking camp gives students the chance to create their very own movie from start to finish. Campers will work alongside industry professionals to learn how to act on camera, develop characters, write scenes, and understand what it takes to bring a story to life on screen. Students won't just perform — they'll collaborate as writers, actors, and creators. Throughout the week, campers will help develop an original script, rehearse for the camera, explore on-screen acting techniques, and film their project. By the end of the week, they'll see their hard work come together in a completed short film.

SPORTS

CheerWorks Summer Cheer Camp

The perfect place for young athletes to explore cheerleading! Campers will learn cheers, dances, motions, jumps, beginner stunting, and tumbling in a positive, high-energy environment. Each day includes movement, teamwork, confidence-building fun, snacks, and creative activities. Campers will prepare all week for a special showcase, and families are invited on the final day at 11:30 AM to watch them shine! Each camper receives a CheerWorks T-shirt to wear in the showcase and pom-poms to take home. Open to beginners and experienced cheerleaders alike, this camp focuses on skill-building, confidence, and FUN. Instructor: Jenay Martell. Founder of CheerWorks (est. 2021), teacher, former cheerleader, and experienced South Carolina high school coach. Jenay emphasizes proper technique, teamwork, and confidence in a safe, encouraging environment.

TECHNOLOGY

Circuit Makers 101

Let's get creative with electricity! In this junior electronics class, students will gain experience with creating their own electronics; designing custom light-up greeting cards, electric games, mazes, and even musical instruments. Each class day consists of a circuitry lesson and a hands-on electronics project, using components like lights, buzzers, switches, motors, and sensors. Circuit Lab staff will make sure participants create many projects that they can be proud of, and each class day includes a take-home project. ****Combine with Interactive Coding for Kids for a Full Day.**

Interactive Coding for Kids

In this hands-on class, students explore Scratch programming, using the MIT-developed programming interface to craft stories and games. Then we will use Makey Makey boards to invent new ways to interact with the Scratch projects using everyday objects. Our circuitry projects will become musical instruments, video game controllers, pressure sensors, and more. Students will learn valuable 21st-century skills while engaging in these fun, creative lessons. Collaborative project challenges enhance teamwork skills and inspire critical thinking. No prior coding experience required. ****Combine with Circuit Makers 101 for a Full Day.**

Hands-On Electronics

In a world powered by smart technology and AI, the most innovative engineers understand how software and hardware work together. This course gives young makers that critical edge. We start by exploring the magic of electronics with simple circuits, then begin making customized programmable devices with Arduino. We will gain practice working with LEDs, speakers, a variety of sensors, and several kid-friendly programming interfaces. Each class day is a chance to design, build, and code a new hands-on project while developing a valuable skill set. ****Combine with App Inventors for a Full Day.**

App Inventors

Do you have the next great app idea, and just need to know how to make it? In this no-experience-required course, we use MIT App Inventor software to make fun, creative apps for Android phones and tablets. We will also explore wireless communication by building custom Bluetooth hardware controllers and readouts for our apps. Participants will learn both the programming and design aspects of creating great apps, and have the opportunity to build apps of their own with the support of Circuit Lab instructors. ****Combine with Hands-On Electronics for a Full Day.**
