Re: Application for Comprehensive Plan Amendment
Narrative and Proposed Comprehensive Plan Text Amendment
4780A Tower Hill Road
Plat 50-4; Lot 12
Route 1 Special Management District
Applicant: Ryan Schoen, Morgan + Schoen

Dear Kaela and Amy,

I hope you both are doing well and staying safe. Ryan Schoen of Morgan Schoen Hospitality (Morgan+ Schoen), has entered into a purchase and sale agreement for the property located at 4780A Tower Hill Road (Plat 50-4, Lot 12). The property is currently owned by Legion of Christ (RI), Inc.

I. Narrative for Proposed Comprehensive Plan Text Amendment

Plat 50-4, Lot 12 has been dormant for years. Morgan + Schoen has created a visionary proposal. The plan will retain and rejuvenate the significant historical aspects of the site while adding modern amenities. The result will be a unique resort destination including:

• 33 Contemporary Boutique Hotel Units
• Bottle Winery and Vineyard
• Restaurant with alcohol service
• Outdoor Event Lawn
• Indoor Event and Wedding Hall
• Conference and Meeting Facilities
• Spa and Fitness Center
• Twelve Extended Stay Bungalows

The site is currently zoned R-80. That zoning designation will not allow for the uses proposed by Morgan + Schoen. However, the Town of South Kingstown (Town) has already established the Route 1 Special Management District (SMD). The existing SMD sits on the western side of Route 1 directly across from 4780A Tower Hill Road.

We think that the SMD and the Morgan + Schoen proposal create an extraordinary fit. Also, we believe an SMD designation for Plat 50-4, Lot 12 would be consistent with the Town's Land Use Maps.

The SMD will provide Morgan + Schoen with latitude to accomplish its goals, while also reserving the Town review powers to ensure the project works for both parties.

Additionally, the proposal will allow the property to be placed back on the tax rolls for the first time in a generation. And the proposed use includes no residential units. This project will have no impact on public school enrollment.

We have submitted an Application for Zoning Ordinance Text Amendment and an Application for Zoning Map Amendment. We are also submitting this Application for Comprehensive Plan Amendment to ensure consistency between the proposed ordinance/map amendments and the Comprehensive Plan.

II. Proposed Comprehensive Plan Text Amendment

To facilitate the designation of Plat 50-4, Lot 12 within the SMD we are proposing the following text amendments to the Comprehensive Plan:

(a) Introduction – INTRO 19

On Page 19 of the Introduction the 2014 South Kingstown Comprehensive Community Plan describes the SMD as:

Route 1 Special Management District (Existing Language)

This district identified on Map 2.4 Land Use Plan Wakefield Detail, commonly known as “The Village at South County Commons,” is located on the west side of Route 1 between the present Wakefield Mall and a large (150 acre) vacant parcel of land located across from and north of the Government Center. This land is highly visible and has been described as the “Gateway to South Kingstown.” The area has been developed into a mixed-use center that includes a wide-variety uses such as retail, commercial, office, hotel, theater, etc. This district has been one of the most heavily developed areas in South Kingstown over the past 10 years and is now nearly built out. (South Kingstown Comprehensive Plan, April 1, 2014; 2. Existing Land Use and Zoning – 2.7; Page: INTRO-19)

Although the section cited above is just an introductory statement, we believe it may be in the best interests of the Town and the Applicant to seek an amendment to include the “eastern” side of Route 1 in the SMD description. We propose the following amendment:
Route 1 Special Management District (Proposed Language)

This district identified on Map 2.4 Land Use Plan Wakefield Detail, commonly known as “The Village at South County Commons,” is located on the west and east side of Route 1 between the present Wakefield Mall and a large (150 acre) vacant parcel of land located across from and adjacent to the north of the Government Center. This land is highly visible and has been described as the “Gateway to South Kingstown.” The area has been developed into a mixed-use center that includes a wide-variety uses such as retail, commercial, office, hotel, theater, etc. This district has been one of the most heavily developed areas in South Kingstown over the past 10 years and is now nearly built out.

This proposed amendment to the Comprehensive Plan is relatively minor. However the amendment will provide an accurate description of the location of the SMD on both sides of Route 1. It also provides consistency between the written description of the SMD and the proposed land use map amendments showing the locations of the SMD.

(b) Table 2. Land Use Map Categories (2012): INTRO-10 and Table 3. Zoning Districts (2012): INTRO-11

Within the Introduction section of the Comprehensive Plan there are two tables, Table 2 and Table 3, which describe the size of the Route 1 Special Management District.

Table 2. Land Use Plan Map Categories (2012) includes numerical values for “Acreage” and “% of Total” for each Land Use Category in South Kingstown. Based on our calculations the Acreage for the Route 1 Special Management District should be increased from 220.20 to 255.97. In addition the corresponding “Low Density Residential” acreage should be reduced and the “% of Total” should also be amended.1

Table 3. Zoning Districts (2012) includes numerical values for “Parcels”, “Acreage”, and “% of Total”. Based on the proposed amendments the numerical values assigned for the Route 1 Special Management District will need to be recalculated.2

III. Proposed Comprehensive Plan Map Amendments

In conjunction with the text amendment to Section 2.7 of the Comprehensive Plan, we are proposing amendments to the following maps within the Comprehensive Plan to reflect a zoning amendment from R-80 to SMD for Plat 50-4, Lot 12:

- Map 2.3: Town of South Kingstown Comprehensive Plan
  Land Use Plan Map k
  Proposed Amendment:
  Designate Plat 50-4, Lot 12 in the Route 1 SMD

---

1Table 2 appears to be dated to 2012. Since that time period substantial change has occurred in South Kingstown. Table 2 likely needs to be re-calculated in total to derive the correct percentages for both “Acreage” and “% of Total”.

2We understand that the Town is in the process of updating the Comprehensive Community Plan and that the tables and calculations within the document will need to be adjusted or reconfigured town-wide.
• Map 2.4: Town of South Kingstown Comprehensive Plan
  Land Use Plan Map
  Wakefield Detail
  Proposed Amendment:
  Designate Plat 50-4, Lot 12 in the Route 1 SMD

• Map 2.9: Town of South Kingstown Comprehensive Plan
  Zoning
  (This is not the official Zoning map for the Town of South
  Kingstown. It is provided for illustrative purposes only.
  Despite the illustrative nature of this map, it may be prudent
  to amend this map for consistency purposes.)
  Proposed Amendment:
  Designate Plat 50-4, Lot 12 in the Route 1 SMD

The proposed maps to be amended, Map 2.3; Map 2.4; and Map 2.9 are all attached for reference.

Also, the names, addresses, and Assessor’s Map and Lot number for all owners of record of land
within 200’ of the subject property are all attached.

IV. Conclusion

We believe that this project would be a wonderful addition to the Town of South Kingstown. It will
preserve a historic site and be economic generator that revives a property that has been empty for
far too long. Approval of the requested Comprehensive Plan amendments will help ensure mutual
benefits for the Town and Morgan + Schoen for years to come.

We look forward to discussing this proposal with you at your earliest convenience. Thank you for
time and consideration.

Sincerely,

/s/ James M. Callaghan
